**FINAL PLACEMENTS - PGDM 2016-2018**

---

IFIM Business School proudly announces the Final Placement Report for the graduating batch of PGDM 2016-18 with all time high achievements on salary, number of corporates and profiles offered. Placements this year started on an upbeat note with **100+** companies visiting us during the placements season. Corporates, especially from Consulting, BFSI, FMCG and IT services showed keen interest in offering excellent profiles to our students.

The placement season started with our students foraging into Industry Internship Program (IIP), a 4.5 months paid opportunity, to get hands on exposure to the corporate environment. Students worked on specific business problems and presented solutions to corporates and academia. This award winning unique model is well appreciated by business leaders and hence resulted in higher absorption of students in full time positions. This year, more than 55% of our students accepted IIP conversion to final placements.

IFIM's constant endeavor to provide quality education has resulted in strong acceptance in the job market for management graduates at all time high salaries at the institute. IFIM looks forward and aspires for bigger and better opportunities for its students in the future.

The elaborate placement process followed by IFIM's Centre for Continuous Employability (CCE) helped students choose the sectors and functions of their preference. The students have been placed in excellent brands in diverse sectors. This year we saw recruiters also looking out for business analytics as a major, which we believe is an emerging trend.

The **Bespoke Curriculum** at IFIM enables them to choose from a diverse basket of courses and align themselves to the specific requirements of their career path. Students are regularly exposed to corporate mentoring, Industry Internship Program (IIP), Social Immersion Project (SIP), Research Incubation (RI) and Personality Enhancement Program (PEP) ensures that the students develop a holistic aptitude and understanding of the corporate culture.

This has led to in the highest domestic package of Rs 16.5 lacs and an average package of Rs 7.45 lacs. Significantly, more than 30% of the students have been placed with a package of Rs 8.0 lacs and above.

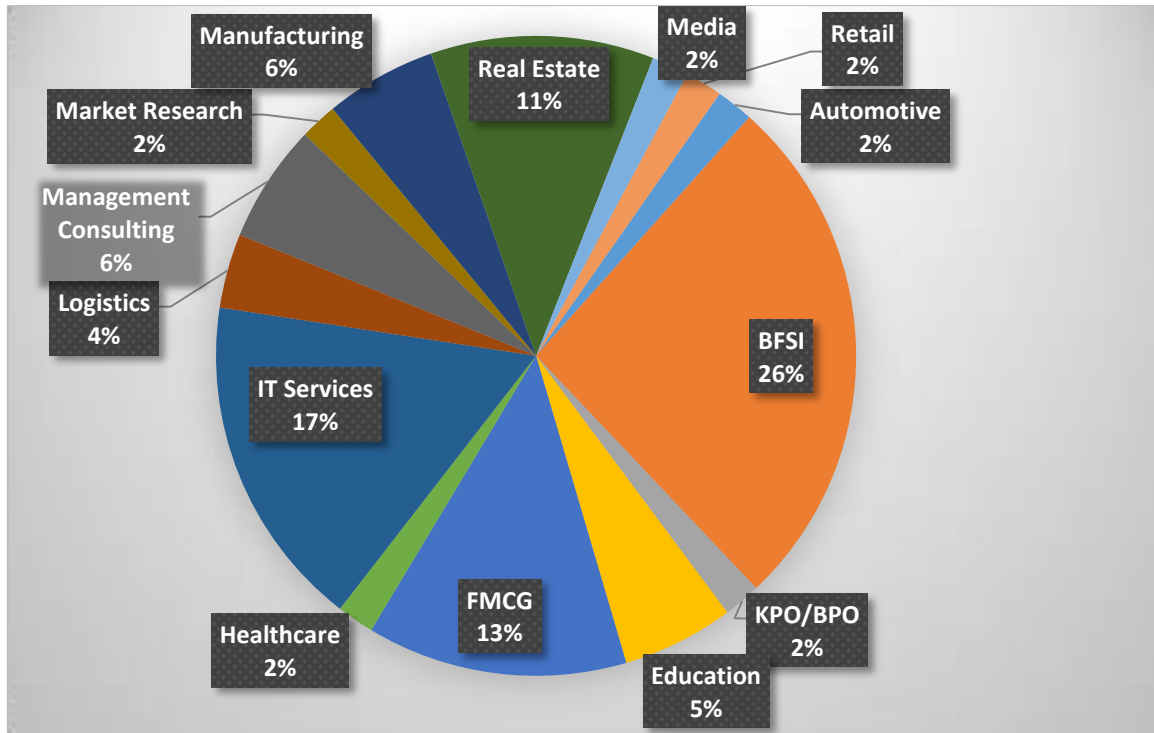

## **Recruiters Participation**

More than 150 companies participated in the recruitment process with requirements across majors. The sector-wise break-up was diverse representing all major areas of industries and services, including Consulting, FMCG, Banking & Financial Services, KPO, Education, Automotive, Healthcare, Insurance, IT Services, Logistics, Manufacturing, Market Research, Media, Real Estate, Retail, etc.

The sustained faith and quality of students nurtured by IFIM, made several recruiters bank on IFIM with better offers. Prominent amongst them are: Oracle, Deloitte, Bosch, Nestle, PwC, Amazon, Chai Point, Federal Bank, Morgan Stanley, Philips, Kellogg's, DHL, GSK, FEDEX, Honeywell, ITC Infotech, Mindtree, Colgate Palmolive, Edelweiss, Reliance Industries, Toyota Kirloskar Motor, Anand Rathi, Café Coffee Day, S & P Global, Moody's Analytics, amongst others.

Varied profiles were offered to students resulting in a choice of entry level and experience-based roles and an eclectic choice of industries. Striving to provide good opportunities to budding professionals, IFIM continues to work towards academic and professional excellence keeping in mind the ever-changing market dynamics. The successful completion of the recruitment cycle for the batch of 2016-18 and the strong participation of top corporate brands is a testimony of the superior quality learning solutions delivered by IFIM with the help of successful academia-corporate partnerships.
